

Launching of EMS, your friendly GRC Software

Discover a seamless way to manage
Governance, Risk and Compliance ("GRC") issues

Axcelasia Singapore Pte. Ltd. cordially invites you to the launch of Axcelasia Group's Enterprise Management System ("EMS"). The EMS is a web-based integrated software that provides GRC capabilities.

You will be hearing directly from the master developer of the software, Kenny Harris Wong.

Kenny will demonstrate how the latest version of the EMS software can help you improve your organisational efficiency to manage risk, compliance, incident, insurance, IT security and internal audit processes.

Date: 4 November 2016 (Friday).

Time: 9.00am to 12.30pm (lunch will be provided).

Venue: Hullet Room (Level 4), Raffles City Convention Centre.

Admission is complimentary. Seats are limited.

To RSVP, please email: jcw@axcelasia.com
